Office Of the
General Manager (Customer Services)
Wapda House, Lahore

No. 1352 /GMCS/DD(R&CP)/58072

Dated 29 /09/1999

The Chief Executive,
EESCO Ltd,
LAHORE

Subject:- **REDUCTION OF LOAD**

Ref:- Your office memo No.8311/SE/SKP/DRW/103 dated 09-08-1999.

It has been desired vide above referred memo that amendment may be issued to modify circular No.2962-85/GMCS/D(R&CP)/58072 dated 08-03-1994 because a large No. of consumers are approaching your office for reduction of load after switching over to Private Generation and without physically reducing their load.

Your attention is invited to circular No.2534/GMCS/DG(R&CP)/59076 dated 19-07-1997 (copy enclosed) vide which it has been laid down that reduction of load may not be allowed to those consumers who intend to meet a part of their load from a Private Generation Company.

As regards amendment in above said circular it is iterated that the instructions need not any amendment. Justice demands that test report may be obtained only when reduction in load has been sanctioned. Likewise when load has been reduced at site, there is no justification to charge the consumer on original load only on the plea that WAPDA could not verify the test report at site.

D/As above

Abdul Wahid
