Dated 02-02-2005

Chief Executive officers,
All DISCOs.

Subject: **REDUCTION OF LOAD OF INDUSTRIES SWITCHING OVER TO SELF GENERATION.**

The Authority in its meeting held on 28-01-2005, has been pleased to decide as under:-

The Authority allowed reduction of load up to fifty percent of existing load but not less than the minimum threshold of 500 kw, whichever is higher, in respect of B-3 industries, who have either switched over to self generation or are in the process of setting up the plants, without the requirement to have higher capacity transformers replaced by lower capacity transformers and physical removal of motive load subject to the following conditions:-

- (a) The request for reduction of load by such consumers shall be submitted before June 30,2005 in order to take effect from July 01,2005. The applications for reduction of load received after the start of the next financial year would be considered for implementation with effect from next financial year.
- (b) In case the maximum demand of such consumers, who have been allowed reduction of load exceeds the reduced load this maximum demand shall be the sanctioned load with effect from date of increase.

The above decision may please be circulated to all the concerned field formation for strict compliance.
