Subject:- DOMESTIC CONNECTIONS FOR 'DERAS' FROM TUBEWELL
TRANSFORMERS

Ref:- Your office letter No.3439/DRW-5/Sheikhupura dated 16-07-1999.

2- The point regarding allowing domestic connections from independent tubewell transformer has been re-examined but it is observed that it would not be in the interest of the Authority to reverse the present policy of not allowing domestic connections from tubewell transformers. However domestic connection in the residential quarter of a tubewell is permissible as laid down vide this office circular No.3114-32/GMCS/D(R&CP)/55717 dated 01-03-1992.

3- It is also added that legally any undertaking, obtained from any domestic consumer, of disconnection of his connection on default of payment of tubewell connection, is of no use in eye of law.
