

**PAKISTAN  
WATER AND POWER DEVELOPMENT AUTHORITY**

OFFICE OF THE  
GENERAL MANAGER (C.S)WAPDA  
WAPDA HOUSE, LAHORE

NO. 718-27 /GMCS/DD(R&CP) 55717

DATED: 11/07/2000

All Chief Executives  
of DISCOs.

Subject:- **SANCTION OF NEW TUBEWELL CONNECTIONS**

Instances have come to the notice of Chairman WAPDA that some field offices are asking prospective consumers of tubewell connections to provide documents which are not mandatory as per Commercial Procedure for securing a tubewell connection. This practice is un-called for and is a departure from laid down instructions causing unnecessary inconvenience to the prospective consumers.

As per Commercial Procedure in vogue following documents are required to be annexed alongwith application for new tubewell connection :-

- (i) Ownership proof of land/premises.
- (ii) An affidavit from the owner that no connection existed previously at the premises on which connection is applied and that he would pay WAPDA dues in respect of the connection which already existed at the premises in question, if noticed here-after.
- (iii) "No Objection Certificate" from the land lord (if the applicant is a tenant) alongwith land lord's proof of ownership and affidavit mentioned above.
- (iv) Attested copies of National Identity Cards of the applicant and the witness.

Instructions may be issued to all field formations not to demand any extra document except as mentioned above, from prospective consumers of tubewell connections.

Any violation of above instructions would be viewed seriously.
